

A call to pray daily — *12 minutes at 12 Noon*

Gospel Advance pastors in Upstate New York are calling one another and Christians to **pray daily**, asking the Lord to stop this Coronavirus crisis and its many collateral effects in our land. Spread the word!

Pray for 12 minutes at 12 Noon each day.

You can pray with those around you (home or workplace), or even make a phone call and pray with a partner at Noon. There is no need to spend time "sharing requests" – just begin praying! The time goes by very quickly, make the most of it.

Pray for the following things:

- for the Lord to stop Coronavirus and end it's spread in our country
- for all those affected by it to be healed
- for health care providers to be safe in these dangers days
- for governmental leaders to act quickly and wisely
- for pastors to hold forth the gospel and serve God's people
- for our churches to bring glory to the Lord in these days
